Vale chair owns its name from the Latin verb "valere" - 'to feel good, to have strength, power, authority, merit, intrinsic value, to be adequate, proportionate, useful and convenient'.

Related to its name, Vale chair is the result of the successful combination between a strong know-how, craftsmanship, strategic advanced technologies and fine contemporary design.

With its simple structure, highly reliable and easy to service, this new chaise longue model, has been designed to specifically meet the entry - medium level dental market needs. Based on Tecnodent traditional focus to ensure the best patient and doctor ergonomic Vale chair is enriched with several optional features to meet the most demanding treating requirements.

Tecnodent S.r.l. Via 63° Brigata Bolero, 24 – 40033 Casalecchio di Reno (BO), Italy Tel. +39 051 6131143 - info@tecnodent.com - www.tecnodent.com

HEADRESTS

•

Tecnodent manual Headrests are available in 6 different models: VALE, ELLE/ELLE2 MOBILE, UNI Light and COMFORT.

VALE. Anatomical double articulated VALE headrest for a comfortable ergonomic treatment.

ELLE/ELLE2. ELLE/ELLE2 MOBILE

is an anatomical headrest, characterized by movement • of inclination of the upper part (double articulation) for a correct cervical support.

Magnetic pillows. ELLE/ELLE2 headrests can be combined with magnetic pillow C95 or C2002. Either pillow can be applied directly on the backrest, for ensure a better comfort, independently of the patient's height.

Uni, COMFORT and Light. The UNI, COMFORT and Light headrests are multiarticulated and allow positioning of the headrest along 3 axis.

ш VAL

VALE

- 3 programmable positions
- Anatomical double articulated VALE headrest for a comfortable ergonomic treatment
